Ryan Imel
AYPO Programs Department
At Your Pace Online LLC

Mr. Imel:

The Division of Insurance (Division) has approved At Your Online as an education provider in Nevada. Those individuals interested in verifying approved providers and courses may do so online at www.sircon.com/nevada

Resident producers must comply with 30 hours of CE in a three year renewal period. The CE may be in a combination of the lines of authority that you are licensed for. Three of the 30 hours must be in the category of ethics. Individuals who become CE exempt are not required to complete the state mandated 30 hours of CE, however that does not preclude you from completing any federally required training such as flood, long-term care, annuity suitability, antifraud money laundering training that must be verified by the insurer.

If the licensee is a bail agent, bail enforcement agent, bail solicitor, or a general agent for bail they are required to complete 3 hours of education in approved surety course or bail specific course. There is no CE exemption for bail related licenses. By utilizing the Sircon system, producers will be able to customize a search for CE courses that meet their specific search criteria.

Sircon: www.sircon.com/nevada

Select Look up education courses/credits followed by Approved Courses Inquiry. Next select Nevada, then the course category. When the producers complete a CE course the CE provider will upload the completion into the individuals Producer Edge account which interfaces with the Division's licensing records.

I hope this information was useful to you.

Joy Miller
